ROYAL STONE

Royal Stone offers a wide range of quality decorative stones intended for both indoor and outdoor use. Manufactured in Quebec in our ultramodern facilities, our stones replicate – in all respects – the look and appearance of renowned artisanal stones at a lower cost than natural stone.

Our superior manufacturing technology allows us to obtain reliable colouring and a consistent result while respecting the strictest standards. In addition, our products have excellent resistance to the freeze/thaw cycles typical of the harshest climates. Their integral structure ranks them among the best in the industry, which is why we offer a 50-year manufacturer’s warranty.

No matter what type of project you have in mind, the Royal Stone team will be able to help you get it done. Our professionals can explain the characteristics of the products in detail, as well as their most common uses and the type of installation required, while taking your specific needs and design features into account.

DECORATIVE STONE

Our decorative stones are ideal for new construction or renovations and decoration projects. Their shape and texture perfectly imitate natural stone, while our manual colouring technique gives them an even more natural finish.

Requiring no foundation, all our stones can be installed on any solid wall surface without modifying its structure.

You just have to choose the model that best suits your needs from among our impressive selection that adapts to all styles, from the most modern to the most rustic.

LEDGE STONE

This contemporary stone is offered in a wide range of colours. It gives your projects a modern look while adding a touch of tradition to them.

OTHER COMBINATIONS

Yes, it's definitely possible to combine certain products to create successful accent effects. Ledge Stone, Cobble Stone, and Field Stone products can be mixed and matched during installation (sold separately). You just have to determine their ratio when ordering.

ACCESSORIES

Paired with our range of stones, the accessories we offer suit the specifics of your projects. These are commonly used pieces that will let you complete your creations seamlessly, without leaving any detail to chance.

Trim stone

Stone for electrical outlets

Stone for lights

ALL ACCESSORIES ARE AVAILABLE IN 6 COLOURS.

Sills/Ledges

1) Charcoal - 2) Grey - 3) Iron - 4) Brown - 5) Beige - 6) Cream

INSTALLATION

Install Royal Stone on any wall with a solid structure, simply by using type-N masonry mortar or polymer-modified mortar. Since the shapes and colours may vary from one box to the next, all boxes must be opened before beginning the installation. The stones must be selected at random to achieve a natural look. For more detailed instructions, consult your retailer or visit our website at royalstones.com.

INDOOR OR OUTDOOR INSTALLATION ON PLYWOOD PANELLING*

- 1) Rigid panel (plywood*) attached to the framework, air space, and insulation
- 2) Water-resistant weatherproofing
- 3) 10 mm air space or rain screen application**
- 4) 2.5 lbs galvanized metal lath.
- 5) Type-N masonry mortar or polymer-modified mortar
- 6) Royal Stone
- 7) Use type-N mortar for joints, if applicable

**Use exterior grade plywood.*

*** Recommended for exterior installation only.*

With hollow mortar joint

With flat mortar joint

Without mortar joint

* Indoor installation recommended. Please refer to the manufacturer for outdoor installation.

The detail and the texture of each stone faithfully reflect those of natural stone. Within a 100 square-foot area, where the weight varies from 10 to 12 pounds per square foot. You can also combine different models (Ledge, Cobble, Field, etc.) to create a unique pattern.

All products come with a 50-year limited warranty when installed according to manufacturers specifications. Product can be installed both indoors and outdoors.

The colour samples presented in this brochure are not exact, it is always recommended that a sample be viewed before ordering. Custom colors are available, please see retailers for details. To view a list of our retailers and for more information about the different types of installation based on the surfaces, please visit our website royalstones.ca.

The colour of the products presented in this brochure may differ from the actual colors of the product.
